

Sept. 20, 1955

Dear Vicki and Jim,

The night of the primaries we went out to dinner with Stella and Harold and then went over to the headquarters. Mike is getting very good square-ropes in the paper so maybe he has a chance to beat Spellman in November. I know Mary called you last night to tell you the results, otherwise I was going to.

Gail and Jim want to come over Sunday and play bridge and it is always nice to see Gail. I hope Mary and Mike can come too.

After leaving you at the airport Jim, I turned off at South Center and bought gas. The car stopped several times along the way and each time I was sure it was out of gas but it was just the same trouble with the car. We are going to take it to the Ford garage.

The Swedish classes have started and I am taking two classes this year - on Monday and Thursday nights.

I hope you like the teaching job, Dickie and Jim I also hope you get out of going on the long trip by ship.

Come home when you can and I promise we won't stay up so late. I was a little tired that Friday morning and I am sure you were too, Jim. I went to bed at eight o'clock that night. Had wanted to go out and play bridge but we went out Saturday Night instead.

Love,
Mom.
